

Leadership Lab for Women in the Family Business

A Quarterly Peer Group

Grow & Develop as a Leader

- Learn from other women who lead in a variety of roles in their family businesses
- Create your own 2018 Growth Plan
- Receive support and accountability to tackle challenges and seize opportunities

Here's what one Member said about this program:

"Reminded today that my family is not the only messy one. I have been part of other business groups where they gave me solutions to my challenges but they did not understand the complexity of family business. I appreciate being in a space where everyone understands, don't feel alone."

Kristen Donnelly, Abbey Research

Logistics

- 12 week program
- Three (3) peer group meetings via video conference - join via computer/smart phone, or listen in by phone!
- Two (2) individualized leadership coaching sessions with facilitator

Your Facilitators

Trina Stutzman

Trina has been coaching forward-thinking learners and leaders to be their best selves and navigating complexity for over 20 years. She brings a capacity and passion for empowering self-discovery and growth. Trina is also the spouse of a business owner.

Beth Goshow

Beth has been with DVFBC since 2008 and is inspired by the progress made by our business families during her tenure! She has an enthusiastic passion for learning, and looks forward to supporting the growth of women in family businesses. Beth is the spouse of a third generation family business owner.
