

As we continue to adapt to the impact of COVID-19 on our families and businesses, **we are offering a “Coping with COVID-19 Webinar Series”** focused on the evolving data, challenges, opportunities, and decisions before us “so all may flourish.” The first Webinar will be this Tuesday at 9 am.

WEBINAR DETAILS:

Title: *What you Need to Know About the NEW Stimulus Money Available to Family Businesses*

Date: Tuesday, March 31, 2020

Time: 9 to 10 am ET

Input: Mario Vicari, Director at [Kreischer Miller](#), and [DVFBC EDU Sponsor](#)

Description: This webinar will be an overview of the Federal Stimulus Program of the CARES Act Affecting Family Businesses

The CARES Act is a \$349 billion federal stimulus package that was signed into law on March 27. This stimulus program is designed to provide special loan funding to small and mid-sized companies in this time of crisis, which is forgivable within certain guidelines. In the current economic environment, every family business should understand how the program works, the resources available to them and how to go about accessing them. This webinar will cover a bullet point outline of the program and important provisions that affect private companies.

To register, please email Beth@dvfbc.com and you will receive a link to join the webinar. In addition, Beth will also be sending an evite to Tuesday’s webinar that you can accept or reject to help make it easier to register. If you accept, Beth will follow up to confirm, email you content to be reviewed in greater depth, and provide you the link to join us.

I encourage you to invite other members of your family, management, and Board so you can learn together and make wise decisions. Hope to see you there!

Stay tuned for additional information on our emerging Webinar Series to help you make key decisions during these uncertain times. I remain hopeful. Know we are in this together and are here for you as we all continue to move forward with courage, faith, and discernment.

Warmly,
Sally
