

Your HR Partner for Growth-Focused Business Solutions

*All the HR expertise you need.
Only the services you want.*

We're 100+ years into helping privately held organizations grow, stay compliant, enhance company culture, and find and retain great employees.

Whether you're looking for expert legal advice, need assistance with one-off projects, or want to fully outsource your human resource management, we have the services and flexible solutions to help your company and employees grow.

Why business leaders choose us:

Deep expertise that drives real HR solutions:

We're a one-stop shop when it comes to HR and compliance. We offer a broad scope of services, tools, legal and compliance services, training, and programs.

Personalized partnership:

Flexibility is key to our operations, allowing us to focus on your needs. We jump into supporting you regardless of your current HR model and work with you to customize a solution that makes sense for your organization.

Focused on your long-term success:

Our compliance expertise and HR strategists are here to help solve today's problems and plan for future goals. Plus, our services are scalable – whatever stage of growth you're in or aiming for, we've got you covered.

With MEA, you'll have access to our broad range of services!

"MEA has always been one of my first calls whenever I need help navigating an issue or project that I am handling. The Peer Groups have really added a family feel to the organization and has turned into a very close group of peers to lean on each other for all types of support."

—Angela J., Global Director, Technology Solutions Provider
